M. H. Beach Becomes Clerk Of District Supreme Court

SUCCEEDS J. R. YOUNG

New Appointee Formerly United States District Attorney For District of Columbia.

Morgan H. Beach, for more than a year special assistant to the United States, District attorney, will succeed John R. Young as clerk of the District of Columbia, it was announced last night. Mr. Young died yesterday morning.

The appointment of Mr. Beach was made by the members of the District Supreme Court in general term late yesterday afternoon, the necessity of having an officer to direct the administration of legal matters pertaining to the business of the court requiring the court to act quickly in the selection of a successor to Mr. Young.

Mr. Beach was formerly United States attorney for the District of Columbia and was a special assistant to the Attorney General from 1909 to 1912. He has held the office of special assistant to the District attorney here since April of 1919.

The new clerk is 58 years old, a native of Sandy Spring, Md., but was reared in Alexandria, he being a son of the late S. Ferguson Beach, a prominent lawyer of this city in by gone years. He was educated at Episcopal High School, near Alexandria, and is a graduate of the University of Virginia and the law school of Yale University. He was admitted to practice law before the Virginia bar in 1884 and was later admitted to practice before the District Supreme Court and the United States Supreme Court.

He was married to Miss Grace Carter, daughter of an old Virginia family, on December 25, 1893. They have four children, all of age except one. They are: Katherine E., Grace C., Elizabeth M., and Samuel F. Beach. Beach lives with his family at Montrose, Md.

Rate Case Wednesday

W. Va., Rwy. Fare Boost to be Heard Before Interstate Commerce Commission

The hearing for increased rates on the Washington-Virginia Railway will take place Wednesday, May 26 before the Interstate Commerce Commission in Washington beginning at 10 o'clock. The executive committee of the Mount Vernon Commuters' Association will hold a meeting next Monday night in the rooms of the Chamber of Commerce for the purpose of completing plans for participating in the hearing. The railway company which some time ago increased the price of the twenty-five trip ticket book from $2.50 to $2.75 now wants another increase so as to bring the price up to $4 or an increase of $1.25.

The proposed increase in rates would have become effective some time ago had not the Mount Vernon Commuters' Association entered a protest. It is the desire of the members of the association to have all parties who are interested appear to protest at before the Interstate Commerce Commission the date of the hearing.

GAME SUNDAY

Sunday, May 23, at 2.30 p. m., the Cardinal Athletic Club baseball team will play the Bolling Field Aviators nine, on the North Alfred street grounds.

The Aviators have only lost one of thirteen games played this season, and are rated as one of the best baseball teams in this section of the country.

Manager Howard will use the best players in the Cardinals to try and win from the Flying Air fighters. The line up will, no doubt, be as follows: Finn, Jones, or Ludwig, pitchers; "Teddy" Schaeffer, catcher; Doug Merchant, first base; Larry McLean, second base; George Allensworth, Freeman, or Pat Rooney, third base; Purdy, shortstop; Frank Owens, right field; Jimmy Alexander, left field; Jimmy Strunkle, center field; Jim Sweeney, Babe Payne, Joe Owens, Peverill, Conover, Andy Walker, Haley, White and Jeff Williams, reserve players.

The North Alfred street grounds will be put in first class order during the present week.

DEATHS AND FUNERALS

Levi Hamilton Redfield, 76 years old, died yesterday at his residence, at Franconia, Fairfax county. The deceased during the civil was with a New York regiment and for many years was engaged in the farming business. His funeral will take place at 2:30 o'clock tomorrow afternoon from Beulah Baptist Church, Franconia.

Miss Della Brown, 43 years old, died Tuesday afternoon, and the funeral took place yesterday afternoon from her late residence, 805 Oronoco street. Services were conducted by Rev. L. H. Kelly, pastor of the Free Methodist Church and burial was in Bethel cemetery.

The funeral of Mrs. Messena Wells, wife of J. Frank Wells, who died Monday, took place this afternoon at 2 o'clock from the residence of her daughter, Mrs. Wm. Beach, 1218 King street. Services were conducted by Rev. L. F. Kelly, of St. Mary's Catholic Church, and burial was in Union cemetery.

Funeral serices for James E. Phillips, who died Tuesday, were held this afternoon at his late residence, 609 South Fairfax street and conducted by Rev. Dr. E. V. Regester, pastor of the M. E. Church South, and burial was in Bethel cemetery.

DEMOCRATS OF THE STATE FOR WILSON

Firm Stand Taken For The Versailles Pact

SELECT DELEGATES

Howl Down Wet Resolution—Senator Glass Re-Elected National Committeeman and Rorer James State Chr

Roanoke, Va., May 20.—Senator Carter Glass, referred to by Harry St. George Tucker as the "Little Giant of Lynchburg," was the choice today of Virginia Democrats as the standard-bearer of the party in the presidential fight this fall.

The twenty-four votes from this State will be cast for him as long as his name remains before the convention at San Francisco.

Instruction for the junior Senator together with the adoption of a platform, which strongly indorses the Wilson administration and calls for prompt ratification of the treaty of Versailles without reservations which would impair its essential integrity, and the defeat of an amendment declaring for light wines and beer, were the outstanding features of the State Democratic Convention, which came to a close here yesterday at 7 o'clock.

The resolution committing the Virginia delegation at San Francisco to Senator Glass was offered by Representative R. Walton Moore, of the Eighth District, and was adopted unanimously by the convention. It was seconded by Representative Hal D. Flood.

Practically the only need of discord sounded in the convention came when State Senator Robert F. Leedy offered a resolution declaring it to be the sense of teh body that the Volstead act should be so amended that "individual and sovereign" States may, if their people so desire, permit the manufacture and use of light wines, cider and beer, and permit the use of ardent spirits for medicinal purposes.

One of the most remarkable demonstrations ever seen in a State Democratic convention ensued when Colonel Leedy, after ascending the platform, began to read his resolution.

A thunderous din of howls met his efforts, making it impossible for him to continue.

"No one man can howl me down," Colonel Leedy declared, when some semblance of order had been restored. "None but a set of cowards and autocrats would attempt it. Any one, two or three of you can make this a personal affair if you care to. It that "Hoodlum' who yelled 'put him out' would come and try it, it would give me great pleasure."

Later the colonel declared from the platform that no three of the "Hoodlums" could offer him a personal affront and stay in Roanoke. They were proceeding, he declared, in the theory that might makes right. That, he told them, is a Teutonic doctrine and not an American one.

Another debate over procedure was precipitated when the motion was made again that it be laid on the table. A roll call was had finally and the motion was laid on the table by a vote of 739 to 261.

Richmond's delegation voted 37 to 33 in favor of the amendment. Colonel Leedy lost his own county 5 to 1.

Resolutions extending the sympathy of the convention to the bereaved families of the late Senator Thomas S. Martin, Lieutenant-Governor J. Taylor Ellyson, Representatives Walter A. Watson and William A. Jones and former Representative Robert Turnbull were adopted by the con-

RETAIL DEALERS STILL IN SESSION

Will Not Adjourn Until Late This Afternoon

FLOOD OF BUSINESS

Unable to Make Purposed Visit to Arlington and Mount Vernon as Planned.

After the close of the Gazette's report of the proceedings of the Retail Mrchants' Association of the State yesterday afternoon the delegates, as guests of the Alexandria Association, were served with lunch at the Hotel Rammel, and upon reassembling Harold R. Young, assistant secretary of the National Retail Dealers' Association, addressed the convention at the close of which there was an open discussion of national legislation and other subjects affecting the retail trade. The report of the state legislative committee was submitted and adopted.

Last night the delegates were again the guests of the Alexandria Chamber of Commerce who tendered them a theatre party in Washington.

The association reassembled shortly after ten o'clock this morning, when "The Chain Store" was discussed from various angles.

The query, "Considering conditions, is it advisable to place orders for fall delivery at this time?" was next discussed. This was followed by an address by H. C. Boschen, of Richmond, on the "Need for better interchange on credit information, bad checks and skips among local association."

The opening of the "Question Box" was the next feature. The queries brought forth remarks from a number of delegates.

The association at 1:30 this afternoon took half an hour's recess for lunch.

The association reassembled at 2 o'clock. Considerable business was still to be transacted, and it was stated that the election of officers and final adjournment would not take place until late this afternoon.

It had been determined to accept the invitation of the local association for an automobile trip to Arlington and Mount Vernon, but this was subsequnetly declined in order that the unfinished business before the association could be transacted.

Track Meet Success

Faculty Trophy Captured by Sophomore Class—Other Events

The first interclass track meet of the Alexandria High School, held yesterday on the High School grounds, was in every way a success.

The weather was ideal for such a contest and the interested countenances of the many onlookers was enough to inspire any one to do his best.

The sophomore class captured the Faculty trophy, a silver loving cup by a lead of 9 1-4 points, the total score being: Sophomores, 39 1-2 points; Juniors, 30 1-4 points; Seniors, 25 1-4 points; Freshmen, 4 points.

On the long distance races, Travers, Midkiff and West proved to be the best while V. Hicks, Suthard and Dreifus

CLOSING SESSION HELD

Addresses Delivered and Musical Program Given—Resolutions of Thanks Adopted Before Adjourning

The afternoon session of the annual convention of the 4th District, Virginia Division, U. D. C., convened after recess for lunch, and the report of the educational work was completed. The principal work of this committee is with regards to the scholarship in honor of Mathew Fontaine Maury. The object of this work is to provide a scholarship annually at the State Normal School at Fredericksburg, for a girl of the rural districts who has not the advantage of a high school course. Each chapter of the state is pledged to give three dollars to this fund and the report of Miss Wharton, of Fairfax, was most encouraging. Individual contributions may be sent to the local chapter, or direct to Miss Wharton.

A gift of $3,000, (1,000 annually), was presented by Mrs. Norman V. Randolph, of Richmond, for Mrs. Charles Senf, of New York.

Mrs. Senf is a sister of Mrs. Newton McVeigh, president of the newly organized Stonewall Jackson Chapter, U. D. C., in Richmond. This money is to be used to assist in placing a custodian at the Lee Mausoleum, in Lexington, Va.

The report of the Confederate Museum and the proposed annex was given by Mrs. Randolph, and most enthusiastically received.

The convention passed resolutions of protest against the omission of the names of Southern heroes from the amphitheatre in Arlington.

The historical meeting held in the Young Peoples' Building last night was the closing event of the convention and greatly appreciated by the audience. Mr. John M. Johnson was master of ceremonies. The first number on the program was a recitation, "The Rebel Yell," by Miss Rice, of Manassas, followed by a piano solo by Miss Jennie Richards.

The commander of R. E. Lee Camp, U. C. V., Mr. John R. Zimmerman, read extracts from his diary kept during the four years of the war.

Mrs. Cabell Smith, president of the Virginia Division, U. D. C., gave an interesting talk on the work of the division.

Mrs. George E. Pickett, accompanied by Mrs Frederick P. Russell, sang "Carry Me Back To Ole' Virginny." Mr. Edgar Warfield, adjutant of R. E. Lee Camp, gave an interesting and accurate account of the killing of Colonel Ellsworth by Jackson, at the Marshall House in this city on the morning of May 24 1861, and also the death of Jackson

MUST CARRY OWN BURDENS

Washington, D. C., May 20.—The United States will not shoulder the responsibility of meeting financial and economic conditions in Europe arisin gout of the World War.

While Seantor Borah launched another attack upon the League of Nations as designed to have the United States to underwrite the debts of Europe, it was indicated in official circles that all efforts to obtain further loans will be frowned upon. Taxation of the people to raise five hundred million dollars for Europe as urged by H. P. Davison is impossible, Seantor Borah declared, and the sentiment prevails in Congress that with the present economic conditions at home it will not be possible to assume added responsibilities in Europe without heavy tax levies.

The administration, it was definitely made known yesterday, regards it as inconceivable that Europe should look to this country to "hold the bag" any further, and will set its face firmly against any proposition to pool war debts, underwrite the German indemnity or in any other manner play the part of the big brother in coming emergencies.

PROFITS OF STEEL COMPANIES

Declared to Represent Tax of $30 on Every American Family

Washington, May 20.—Prices of basic iron and steel products have increased 300 per cent since 1914, according to W. Jett Lauck, consulting economist or the railroad unions, In a brief filed with the railroad labor board and made public yesterday, Mr. Lauck estimated the profits of the larger steel companies during the war at $750,000,000, "or a levy of $30 on every American family."

The brief declared that the per ton profit of the United States Steel Corporation increased from $4.69 prior to the war, to $14.30 in the period 1916-1918.

Labor costs increased only 41 per cent in the same period, Mr. Lauck asserted.

KING DON OVERALLS

London, May 20.—George V. yesterday placed himself at the head of the British overalls movement. He ordered a $5 suit of dark blue which he intends wearing in the morning while working in his writing room, thus saving his broadcloth morning suits.

However, the King will doff the overalls when receiving ministers, members of the diplomatic corps, or other official visitors. Also, out of courtesy for the Queen, he will put on a regular suit when he joins her for luncheon.

SEVEN THOUSAND IDLE

New Orleans, May 20.—Seven thousand workers are idle as the result of a strike of 3,000 boilermakers, machinists and helpers of the metal trades council which went into effect late Tuesday. The strike has halted work at the big shipbuilding, repair plants, foundries and sheet metal plants.

Employees demand $1 an hour for journeymen, as against the present rate of 80 cents and 75 cents an hour for helpers, against the present rate of 54 cents.

Industrial Band

Big Crowd Expected at Richmond Theatre Next Sunday Afternoon

The boy's band of St. Mary's Industrial School of Baltimore, acknowledged the most remarkable boys' band in the world, will render a sacred concert at 3 p. m., Sunday in the Richmond Theatre. This school while conducted by Catholic Brothers is non-sectarian and has performed a splendid service since 1866 in the care and education of orphans.

The work has met with the approval of all the religious bodies of Baltimore, and the various reports of grand juries is a tribute unequaled in any similar report on schools of this character. The boys of the school are taught every form of trade that will be useful in life. They make their own clothing. The farming department devotes its time to the supplying of all food stuffs used by the pupils. They have their own printing shop and a wonderful carpenter and cabinet making department. In fact, every form of good

WILL RECESS JUNE 4

Complete Adjournment of Congress Opposed by Majority

June 4 has been decided on as the date for Congressional recess or adjournment. It has not yet been definitely decided whether a sine die adjournment will be taken or merely a recess.

Efforts of some members to force a complete adjournment seems certain to fail, as that would mean that the Republican Congress could not meet before next December to attempt to counteract any political offensive of the President.

Champ Clark, Democratic House leader, yesterday intimated that the President might even refuse to allow a recess of 90 days.

"You know he might call us back into special session during a recess," Clark said.

PRICE-CUTTING WAVE

During the past four days pedestrians on King street have noticed that prices have been cut materially, especially on articles needed by all sooner or later. The "Overall Club" may be regarded as the burlesque upon the high cost of living, but the suggestion has taken root, and while but few persons have appeared on our streets attired in the garb of working men (we only recall one), the fact is apparent that many persons are still wearing old clothes, shoes and hats, while show windows have been displaying such articles in many cases at figures three times those asked in normal times.

The price-cutting wave, while not sweeping along as a tidal wave, is slowly but surely spreading over the entire nation, the cost of men's and women's wearing apparel having been slashed from the Atlantic to the Pacific, while shoe prices are also on the descending scale.

Restricted loans allowed by the banks are proving tremendous aids to the United States Reserve Board in bringing about these conditions. The careful withdrawal of credit is causing wholesale districts in New York and other centres to feel the pinch.

Several years before the late war broke out Germany was bent upon precipitating the conflict from which we have recently emerged, but the money centres of Europe gave this ferocious nation to understand that it would not be financed, and the horror was postponed until a time when the Kaiser dreamed he could satiate his ambition.

Money is a sensitive thermometer, and the banks are quietly accomplishing what legislation has failed to do—they are forcing down prices and in a way most effectual.

100,000 IDLE MEN

One half of the workers in the Pittsburgh district, or approximately 100,000 men are idle as a result of the railroad tie up, due to the "outlaw" strike.

Another week or two of the same kind of traffic congestion that has throttled the Pittsburgh community and the condition of unemployment, employers and the heads of labor organizations agree, will be vastly magnified.

Fully 90 per cent of the switchmen and yardmen who went out on strike have not returned to work, in spite of the growing state of general unemployment.

Practically every plant in the Pittsburgh district has laid off large numbers of its employes. The first complete shutdown of size came Monday with the closing down of the New Brighton, (Pa.) plant of the Townsend Co., manufacturers of rivets and nails. One thousand men were thrown out of work by this shutdown, which is regarded as the forerunner of others to come.

SOUND ECONOMICS

It has been left for members of a barber's union to refuse to join in a strike on the ground that it would be an injury to the public. Their fellow craftsmen—or shall we say artists?—in New York have gone out demanding wages so high that the dollar hair cut would become a possibility. But this brotherhood, attached to a chain of shops, announces that "we shall remain at our jobs, prepared to serve the public at our present wages and present prices, believing that in this way we shall perform our public duty as well as serve our interests." Such an attitude is worthy of a profession which in earlier days had a close alliance with surgery and whose practitioners were often confidants of kings.

These barbers have grasped a truth to which most labor unions have been blind. They see that every increase in wages means an increase in prices, "so that no increase in wages is of substantial benefit because quickly absorbed in the higher cost of living, with the result that the worker is no better off than before." This is sound economic doctrine, though it is so frequently ignored. There should be no surprise that the barbers have grasped it. They are natural born philosophers, instinctive deep thinkers, and in their work they come into contact with the highest minds.

Doubtless they are also moved by consideration of practice as well as of theory. They realize that the present prices are about as high as the public will be willing to pay. After all, men can shave themselves, though many like to escape the trouble. Nor is there any other operation, except the hair cut, which cannot be performed by amateurs, and even domestic hair cuts are not unknown. There remains, too, the question of tips. How much more than a dollar would the most lavish give for a hair cut? Probably no more. The barbers seem also to be serving themselves in serving the public.—Philadelphia Inquirer.

CHARGES LIBEL

Declaration in Suit Brought by John Hirschberg Filed in Court

Richmond, May 20.—Through his counsel, Bethel and Williams, John Hirschberg, state labor commissioner and unsuccessful candidate for the mayoralty, yesterday filed a declaration in the law and equity court in his suit for $20,000 damages against F. T. Bates, Milton Cone, John A. Cutchins, John C. Goode, R. D. Gracie, O. A. Hawkins, Archer Jones, and others, alleging libel. The News Leader Company is made joint defendant in the suit.

In his declaration the plaintiff alleges that because of the publication of a certain campaign article, March 30, signed by the defendants, "his good name, fame, office, credit, and profession" have been injured and "he was prevented from receiving votes for mayor of the city in the Democratic primary of April 6."

He alleges further that because of that publication, which was a false statement, "many persons wholly refused and still do refuse to have any transaction, acquaintance, discourse or professional dealings with the said plaintiff." The published article referred to recites that "the administrative board, headed by Mr. Hirschberg, made no adequate provision for the first influenza epidemic; it was given $25,000 by the city council, used it all, and left $11,000 unpaid obligations as legacy to the present administration." Mr. Hirschberg was not a member of the board at the time of the epidemic, having resigned.

'WET' VICTORY

Anti-Saloon League Conceded But Two Votes in Philadelphia Delegation

Philadelphia, May 20.—A feature of the contest over the nomination of Republican candidates for the Legislature was the failure of the Anti-Saloon League forces to make anything like their anticipated showing in the nomination of Senators, and State Representatives committed to prohibition.

All of the candidates who were running for the State Senate came out publicly in opposition to prohibition.

There was a serious contest in but one of the Senatorial districts, the Fifth, where Max Aron and John McLean Jr., both pledged themselves in opposition to prohibition.

Early returns indicate that McLean is making a strong showing and may win.

The anti-prohibition leaders claim that not more than two of the forty-one Republican candidate for the State House of Representatives can be counted upon by the Anti-Saloon League and they intimate that one of those may vote against prohibition if that issue shall be raised at the coming session of the Pennsylvania Legislature.

SETTLEMENT IS NEAR

Concessions by Both Sides Mean Compromise; Miners Modify Demands

Washington, May 20.—Settlement of the controversy over increased wage demands of anthracite coal miners, which has extended over several weeks, is expected by Department of Labor officials today.

Concessions obtained by Secretary of Labor Wilson from both miners and operators during daily conferences, officials said, have made possible a peaceful settlement.

Anthracite miners demanded wage increases on a scale with those recently granted bituminous miners. These have been modified, it was said as a result of Secretary Wilson's insistence that an increase in coal prices would inevitably result.

Operators who opposed the increase until yesterday, it was said, have signified their willingness to accept the modifications worked out, but officials refused to state the amount of the increases under consideration.

FOUR DEAD FROM GAS

New York, May 19.—Huddled in a heap in the kitchen of their home, Mrs. Laura Blaa, 40 years old, a widow, and her children, John, 10, Irene and Paul 3 year old twins, were found dead yesterday. All the jets of a gas stove were open and the windows and doors closed.

Mrs. Blada, who has been a widow since February, said recently to a neighbor that if life continued to be a "drag" for her, she would end it.

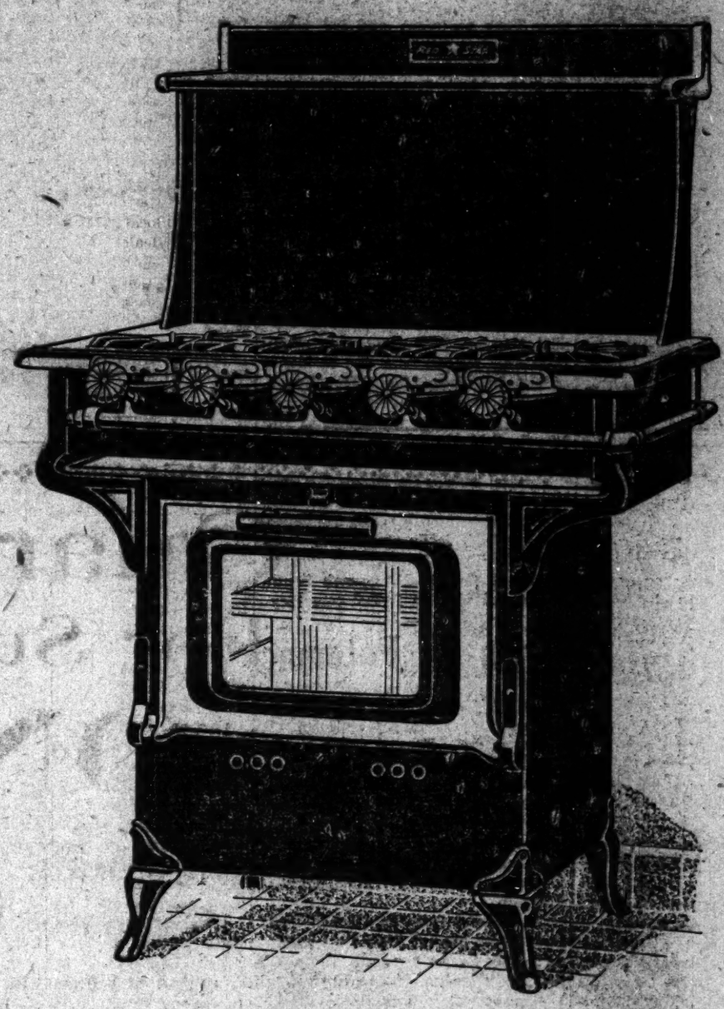
1 Durable 8 1-2 pound burner without wicks or wick substitutes. Lights instantly. More economical than coal, wood or gas. Heat directly under cooking utensil.

2 Positive valve control regulates heat like city gas. A quick, hot fire or a slow, steady fire by simply turning valve.

3 Double flue oven bakes perfectly as fast as a gas range. Linings are rust resisting. Glass door. Handle always cool.

4 Convenient, full length high shelf. Fuel supply back of stove. Double tank makes refilling easy.

5 Black enamel finish requires no blacking. Easily cleaned with a dry cloth. All nickel parts highly polished. Gas stove appearance.



These amazing results are due to the scientific Red Star burner which automatically converts cheap kerosene, gasoline or distillate into gas. It concentrates an intense heat directly beneath the utensil. Positively smokeless and odorless. Lights and operates as easily as a city gas range. Gives two rings of flame instead of one. Burner becomes red hot, adding intense heat. Burner of grey iron weighs 8 1-2 pounds. Will last a lifetime. Gives 19 hours of heat from each gallon of fuel. Saves easily 25 per cent of fuel. Far cheaper to operate than city gas, wood or coal.

We carry this stove in four models, we have same on display for demonstration. We have at present a limited supply of all models, and it will be impossible to secure more this season. Call early if you are interested in oil stoves.

PROTEST AGAINST OMISSION OF NAMES

(Continued from Page One)

at the hands of Ellsworth's men.

Mrs. Howard Fletcher, chairman of the 4th District, made a brief speech, calling on Mrs Norman V. Randolph to explain fully the Confederate Museum in Richmond and also Miss Bell, of Spottsylvania, to read extracts from the memoirs of her father, a Confederate soldier, and one of the first prisoners taken by the Yankees.

Mrs. Thomas A. Hulfish, accompanied by Mrs. George F. Warfield, sang "Annie Laurie."

Mrs. Norman V. Randolph, honorary president of the Virginia Division, U. D. C., made a stirring appeal for the relief work in Virginia among the old ladies who are now dependent and who have only a few more years of life, and it is a privilege, not a duty, for the younger generation to send any amount, no matter how small, to Mrs. Norman V. Randolph, Richmond, Virginia, for this object. A small sum each month to a woman who is dependent upon relatives, is of the greatest value to her.

A solo was sung by Mr. Dunn.

The following resolution was submitted by Mrs. R. W. Birch, for the committee on resolutions:

"Your committee in giving expression of this conventions appreciation of unsurpassed kindness and lovely hospitality of the president and assisting committees of the Mary Custis Lee-Seventeenth Virginia Regiment Chapter extendd to us while in Alexandria, is appreciated more than words or pen can express, and on our return home we will often recall the event as an oasis in our memory

The address of welcome given by Dr. E. V. Regester in his affable, happy manner being an inspiration to all. We also thank Dr. Outcalt, who sang so sweetly, also the musical members by Miss Richards and Miss Alexander.

All present felt highly complimented by the glowing tribute paid to the U. D. C., by Dr. Allison in his remarks.

We feel highly honored in having with us our State President, Mrs. Cabell Smith, our honorary presidents, Mrs. J. E. Alexander, who is custodian of sunshine as well as Crosses of Honor, Mrs. E. H. O'Brien, with her great wit and knowledge, and Mrs. Norman V. Randolph with her high ideals and staunch enthusiasm for the Daughters of the Confederacy.

Respectfully submitted, Mrs. M. A. Wright, chairman, Mrs. R. W. Birch, Miss Manie L. Waite, Mrs. Howard Fletcher, chairman 4th district.

Mrs. James E. Alexander, honorary president Virginia Division, U. D. C., closed the program with a few remarks in answer to some of the earlier speeches, and Mr. John M. Johnson announced the adjournment of the meeting after a most enjoyable evening.

PRICES ON DOWN GRADE

Cuts From Fifteen to Thirty Per Cent Are Made

New York, May 20.—Prices are on the toboggan, according to opinion of leading merchants and business men here. Cutting of prices of from 15 to 30 per cent on all lines or general merchandise by many stores is the "indicator" of the break, they agreed. New York newspapers yesterday carried many advertisements announcing drastic cuts in prices. While large crowds jammed stores when the first of these announcements were made, merchants said, the novelty has worn off and there are now ordinary "bargain hunting" crowds attending the sales.

This drop was due to the gradual slackening of public buying and tight money conditions, in the opinion of financial leaders. They pointed to the huge sales of Liberty bonds on the New York stock exchange Tuesday as an indication of the money market condition. The total sales of all classes of Liberty bonds were $27,958,500. Because of difficulty in obtaining loans from banks, war bonds were being sold in order to provide money for conducting business.

Washington, May 20.—The long awaited drop in the cost of living in Washington appeared yesterday with the announcement by a number of local department stores and clothing dealers of heavy cuts in the price of clothing.

Most dealers attribute this price slashing to seasonal sales and an overstock of goods due to an unusual slump in buying, but some say they believe these price reductions to be the beginning of a general move in the direction of lowering the cost of living.

PRINCE OF SPAIN

Don Jaime

Born stone deaf and dumb and now at 12 years of age hears and talks as the result of an adjustment in the neck. All the previous 12 years the most famous specialists in Europe had been appealed to, to give hearing and speech to the prince who, in that condition, could not qualify as heir to the throne of Spain. All the efforts were in vain, when finally an anatomical Adjustor in London, (here Chiropractor) by a dextrous chiropractic move took the pressure away from the great nerves to the ear, which up to that time had been paralyzed. Almost immediately the prince could hear and soon also began to talk. Such and similar things are being done by Chiropractors every day, only they don't get a chance at Royalty very often.

No matter what your disease always think of Chiropractic, it is harmless and does not make a drug or dope fiend out of you.

AUTOCRACY OF BISHOPS

Drew Seminary Professor, at Preachers' Meeting, Scores Conditions

Philadelphia, May 18.—Criticism of existing conditions in the Methodist Church, including the "autocracy of bishops" and the "absolutism of the Wesley system," was given yesterday by Professor John Alfred Faulkner, of Drew Seminary, speaking before the Methodist Preachers' Meeting at Seventeenth and Arch streets.

Professor Faulkner also urged the emancipation of ministers from the tea and banquet tables, and a greater use of laymen in the government of the Church. District superintendents were characterized by the speaker as "satellites of a bishop" with futile duties which, he urged, should be curtailed and the men returned to preaching posts.

"Outside of the tyranny of Oriental despotism," Professor Faulkner said, "there is little to beat the appointment of district superintendents by bishops. The superintendents hold the power of purse over the minister—whether he shall get $500 or $5,000. Absolutism is not the cure for the evils of democracy. More democracy is the cure for such ills."

Every Tire Is Signed

Two men sign every Miller Tire—the maker and the inspector. Both are penalized if a tire comes back.

Under this method, defects have become extremely rare. Not a tire came back for adjustment to many Miller dealers last year.

Over 1,000 tires yearly are worn out in Miller factory tests.

All the best rival tires are constantly compared with the Miller, with these results:

Millers now excel all rivals, both in average and in uniform mileage.

Miller treads outwear rival treads by 25 per cent on the average.

Miller Cords average 15,000 miles—Miller Fabrics from 8,000 to 9,000 miles—in rear-wheel tests under extreme conditions.

You will gain a new idea of modern tires when you test a new-type Miller. Get one now and watch it. The super-service of the Miller Tire is now everywhere discussed.

VIRGINIA NEWS

Tobacco farmers in the Danville section say cool weather is stunting the tobacco plants, and that unless warmer weather comes soon the crop will be seriously curtailed. Reports indicate the Patrick County apple crop has not suffered from frosts.

An armed bandit halted S. Silverberg, a merchant, of Baldsville, N. C., on a road near Danville, and cut the reins of his horse when he tried to escape. He was robbed of $300 and left bound to a tree. An automobile party found the merchant, who took him to Wentworth.

A dispatch from Winchester says a 60 year old engineer on the Baltimore and Ohio Railroad died yesterday with his hand on the throttle near Kernstown, Md. His train speeded on. The man was Martin Phalen, of Brunswick, Md. He had ignored the advice of his friends to retire from the railroad employment because of heart trouble. He left a hospital in Baltimore to run the engine. E. C. Wiley, fireman, discovered the death after the train failed to stop at Kernstown. He applied the brakes.

Reduced from the ownership of hundreds of tons of real, glistening, granulated sugar, to using corn syrup in his coffee is the hard fate that has overtaken William Carleton, a Cuban sugar man, who recently established a country place at Staunton. Several months ago he sold the entire crop of his 1,400 acre sugar plantation to the British government. It did not occur to him to lay by a few sacks of sweetness before coming to the arid and sugarless United States. Now he is rapidly approaching the stage where he will stir his coffee with a lollypop.

PUTS BAN ON LOANS

Governor of Atlanta ... Reserve Bank Puts Production Needs First

Atlanta, Ga., May 20.—M. B. Wellborn, governor of the Federal Reserve Bank of Atlanta, declared yesterday the resources of the bank of this district should not be used to finance purchase of strictly pleasure passenger automobiles. In a message to the National Automobile Chamber of Commerce at Washington Mr. Wellborn said:

"We have reached a point where we must consider affairs from the viewpoint of the general economic interest and to thing primarily in fundamental terms of production of the necessary things of life, and not simply in the narrower terms of enhanced business and increased profits.

"In these times it is necessary to control credit, and unless we take a firm stand the more necessary demands of production and distribution will be jeopardized by tying up our funds in rediscounts that tend to encourage unusual extravagance."

See How Chandler Checks With High-Priced Cars

THE Chandler Six throughout its seven years of production has been distinguished for its many distinctively superior features of design and equipment which are used also on the highest priced American cars, and not used in any considerable degree by cars now priced hundreds of dollars higher than the Chandler. See, then, how the Chandler checks with ten of the best-known high-priced cars in these features selected as being characteristic of high-grade design and most efficient service.

Superior Chandler Features and the High-Priced Cars that use Them

ONE PIECE ALUMINUM MOTOR BASE, which ties the frame of the car together at four points, thus providing a stiffer frame as well as a more rigid motor mounting. Also used by Packard, Locomobile (Bronze), Mercer, Winton, Fiat, Brewster, Stutz, Pierce-Arrow.

SILENT CHAIN DRIVE for Motor Shafts. Also used by Winton, Packard, Cadillac, Brewster, Fiat, Mercer.

TORQUE ARM OR TUBE. Also used by Pierce-Arrow, Locomobile, Brewster, Winton, Cadillac, Packard, Stutz.

ANNULAR BALL-BEARING TRANSMISSION. Also used By Winton, Stutz, Pierce-Arrow, Brewster, Cadillac, Fiat, Locomobile, Packard, Marmon.

ANNULAR BALL-BEARING DIFFERENTIAL. Also used by Marmon, Stutz, Pierce-Arrow, Fiat, Brewster, Packard, Locomobile.

ANNULAR BALL-BEARING REAR WHEELS. Also used by Packard, Stutz, Locomobile, Marmon, Pierce-Arrow, Fiat, Mercer.

HIGH TENSION MAGNETO IGNITION. Also used by Locomobile, Mercer, Fiat, Brewster, Winton.

THEN, see how these seven cars—sixes which may be considered competitive to the Chandler—do NOT check

One car, listing at $2975, checks with Chandler in only one feature
One car, listing at $2685, checks with Chandler in only three features
One car, listing at $2400, checks with Chandler in only one feature
One car, listing at $2195, checks with Chandler in only two features
One car, listing at $2045, checks with Chandler in only two features
One car, listing at $1945, checks with Chandler in only one feature
One car, listing at $2250, does not check with Chandler in any feature

Not a single one of the seven makes of medium-priced Sixes referred to offers you High Tension Magneto Ignition. The Chandler offers you Bosch, recognized the world over as the best ignition system. Only one of them offers you the silent chain drive, although another one of them in the higher-priced model ($3450), incorporates this feature.

These Statements are Facts and they Give You a Few of the Reasons for Chandler Leadership

The specification data quoted is substantiated, in every instance, by the manufacturers of the cars referred to.

Judge Dickinson Makes Announcement In Refusing Russian's Application

With the declaration that he would not allow any person who had claimed exemption from the draft on the ground of being an alien, to become an American citizen, U. S. District Judge Dickinson yesterday dismissed the petitio of Labis Mlatsky, 2556 East Cedar Street for citizenship.

Through his wife and two children were in Russia, ad because of war conditions, he was unable to help them financially, Mlatsky claimed he was tehir support, and laso asked for exemption from the draft as an alien, al though he had filed his first papers.

The case of twelve applicants, who are suspected of radicalism, draft dodging and sympathy for the German Government during the war, were held over for a further investigation by Harry A. Wilson, naturalization examiner.

Former subjects of all the nations were among 263 applicants who were admitted to citizenship yesterday by Judge Dickinson.

Louisiana Governor Refuses to Ask State Legislature to Ratify Amendment

Baton Rouge, La., May 20.—Governor Parker has declined to accede to the request of President Wilson that he ask the Louisiana Legislature to ratify the Federal Suffrage amendment.

President Wilson Tuesday wired the Governor urging him to use his influence to bring about adoption of the Federal amendment. The Governor's reply to the President was as follows:

"Thanks for your courteous telegram. Have just been inaugurated as Governor of Louisiana. Find General Assembly greatly differs on question of suffrage. Large number opposed to any form. Some advocate State measure, others Federal amendment. All being Democrats, any dictation on my part would be unwise and I regret my inability to comply with your request, believing action of my people should be paramount to any personal views."

citizen producing trades are taught.

The musical education is possibly the feature of the school, as is testified by the reputation of the band for years.

The present band has only been re-organized during the past few months as due to fire about a year ago which destroyed their school and buildings. The boys were scattered in care of various relatives throughout the country. The band instruments were destroyed during the fire, and the present instruments are the gift of the Baltimore Elks.

On Monday next, these boys will be the guest of the Richmond, Va., fraternal societies, composed of Masons, Odd Fellows, Elks and the Knights of Columbus. The funds raised during the concerts in Richmond will go towards the building fund of the school.

Next Sunday's concert at the Richmond Theatre, this city, will start promptly at 3 p. m. The boys will be assisted in their work by prominent vocalist of Washington.

Tickets for the concert are on sale at Edgar Warfield's drug store and at Bendheim's department store.

ENGLAND IS PREPARED

Will Use Full Power to Quell Irish Uprisings

London, May 20.The Government's policy whether the struggle be short or long, would be to employ the whole available forces and resources of the Kingdom to restore law and order in Ireland, Baron Birdenhead, the Lord Chancellor announced in the House of Lords yesterday. It would be the aim of the Government in adopting this policy, he said, to render utterly impossible the existing campaign aiming of secession.

Considerable military reinforcements already have been sent to Ireland, the Lord Chancellor stated, and more would be sent as required. He was speaking with authority and on behalf of the rest of his colleagues, he declared, when he said that if the existing military forces were insufficient the government would hesitate as little to ask the country or more as it resitated in the late war.

FACING FUEL SHORTAGE

General Agent for Company Declares Entire System Embarrassed

Wilmington, N. C., May 20.—The Atlantic Coast Line Railroad is facing a serious coal shortage throughout the entire system, according to a statement last night by C. M. Butler, general fuel agent for the company. The trouble is the result of difficulty in obtaining delivery from the mines, he said.

Mr. Butler stated it now was a "hand to mouth" proposition, the road obtaining enough coal one day to last through the next, and that he is not certain how long it will be able to maintain this status.

They use the greatest care and skill, And promptly all their orders fill.

FIELD TIED UP CASH

Lawyer in Will Contest Explains Why His Millions Were Hedged so Carefully

Chicago, May 20.—Marshall Field's purpose in tying up his immense fortune until his grandsons reach the age of 50, was to protect his descendants from "leading useless lives of luxury and idleness," according to Attorney John P. Wilson, representing the Field estate trustees in the action brought by Captain Marshall Field III to obtain possession of the residuary estate at this time.

Attorneys representing Captain Field have alleged the will of the merchant prince as contrary to public policy because it accumulated a huge fortune, and have cited the examples of Andrew Carnegie and other rich men who have distributed a large part of their wealth.

Marshall Field's motive, Mr. Wilson said, was to give his grandsons, Captain Field and the late Henry Field, the "opportunity of becoming men among men despite the handicap of great wealth."

Under the will Captain Field will receive $500,000 at the age of 30; $1,200,000 at 35; $1,800,000 at 40 and at 45 the accumulated interest, amounting to $90,000,000. During the next five years the estate will pay him an income of $3,000,000 annually, and on his fiftieth birthday he will receive the entire property.

Other relatives who are joining Captain Field in attacking the will are Mrs. Nancy Field Tree, widow of Henry Field, and Henry Anthony Marsh, three-year-old son of Henry Field and Peggy Marsh, a London chorus girl.

Before the war practically all the Berumuda onion seeds planted in the United States came from the Canary Islands.

Conserve Your Energy With Electricity

Electricity is fast coming into prominence the country over as the greatest and most economical of all labor-savers. It conserves health, strength and energy and on hot summer days, does away with the usual unbearable heat of the kitchen. Your work is done in half the time necessary with the old time utensils and is done better than was possible a few years ago. Let us demonstrate to you.

Hot weather is fan time and although the hot days have been few so far this year, they are bound to come and probably hotter than usual. Place your order with us for a G. E., Robbins and Myers or Westinghouse fan today and be sure of delivery when fan time finally arrives. We carry the most complete stock of these three famous makes to be found in the city.

IRON ELECTRICALLY

Do your ironing quickly, easily and make the follow-up of wash-day a day of pleasure instead of dread.

BEAUTIFY YOUR HOME FOR SUMMER

Install in your living room a beautiful reading lamp-one of the most comfortable of household necessities.

Resolve to make your home the "Home Beautiful" this summer-when the doors and windows will be left open. Be proud of your home—ask us to help you in your selection of appliances that will prove a joy for a lifetime. We are headquarters for electrical appliances of all kinds.

ARMED MEN INVADE COURT

Arkansas Property Owners Object to Creation of Special Road District

Jonesboro, Ark., May 19.—Armed men arose from their seats and demanded immediate resignations of commissioners and attorneys of the Black Oak-Hancock Road improvement district, when Chancellor Archie Wheatley convened court yesterday to hear the application for an injunction brought by taxpayers against the district.

The resignations, already written were presented to the two commissioners present and to their two attorneys, with the demand that they be signed immediately. They signed the resignations and withdrew from courtroom, Judge Wheatley adjourned court and left the city. It is said the road district was established at a special session of the Legislature over the protest of property owners.

IDLE ARMY GROWS

With the Pusey and Jones shipyard

Workers Out of Jobs

Gloucester, N. J., May 19.—The riggers employed in the north and south yards of the New York shipyard yesterday stopped work because they say they have a grievance. They allege they are being made to do the work of carpenters. Carpenters and joiners are returning to work. The plant of the Sun Shipbuilding Company is half shut down because of the men are out

With the usey and Jones shipyard working but a small force, there are many men walking the streets idle.

COURT FORBIDS STRIKE

Judge Declares Company Can Deny Employment to Union Men

Boston, May 18.—Judge Pierce, of the Supreme Court, yesterday ordered an injunction restraining machinists from continuing a strike at the United Shoe Machinery plant in Beverly.

The strike was declared two months ago to compel the company to abandon individual contracts, and to preserve to the union "the principle of collective bargaining." In the court's opinion a strike for such a purpose is not legal. Judge Pierce holds company had the right to make non-membership in the union a condition of employment, even though exercise of such right made valueless the right to make collective bargains with the company.

W.L. DOUGLAS PERSONAL SHOES AT SILVER HEADS OF YEARS OF AGE

W. L. Douglas Shoes

The qualifications of a shoe may be described in three words, namely: *Style, Comfort* and *Durability*. The lack of any one of these throws out the whole balance of the shoe. In other words, these features combine to make the

W. L. DOUGLAS SHOE

A million pairs of shoes can be produced at much less expense per pair than a thousand pairs. W. L. Douglas buys leather and all other materials which enter into his shoes in such enormous quantities, and manufactures them on such a large scale that he can afford and does make better shoes for the money than other manufacturers.

This is one reason why a W. L. Douglas shoe is the equal of higher priced shoes of other makes. Millions of patrons all over the world know through actual experience that W. L. Douglas shoes fit better, wear longer and are more satisfactory in every respect than any shoes they can buy.

We have them in all styles, all leathers, at prices to suit everybody.

Give to the Salvation Army Home Service Fund
May 10 to 20

The Salvation Army is making its annual appeal for its fund for the coming year.

Ninety-nine per cent of your contributions go for the purpose you contribute. Only one per cent is used for overhead. Ninety per cent of your contributions will be spent locally.

The local needs will be $12,000; two-thirds of which will be used towards the purchase price of their new headquarters, 319 King Street.

This is a work which Alexandria should support to its utmost. If the local committee does not reach you, send your contribution to Mr. Carroll Pierce, Treasurer.
